

Service & Maintenance

Vitro Technology offers a full-service approach, including consultation, installation, testing, documentation, and training.

Our South African-based engineers work with OEMs from design to post-installation support, covering spare parts, maintenance, and emergency services.

Airflow Testing and Verification

Cleanroom Installation and Certification

Temperature and Pressure Testing and Verification

Ducting Installation
Specialised Plastic and Steel

Bio-decontamination Cycle Development & Verification

Training Academy

Let our experts share their knowledge and passion with your team. Training packages are available online, on-site at your facility, or at one of our dedicated training centres.

About Us

Within the Calibre Group of Companies a turnkey solution is provided ranging from DESIGN, CONSTRUCTION, BUILD, EQUIPMENT SUPPLY and MAINTENANCE.

We provide cutting-edge containment and barrier solutions.

Together with our trusted partners, we don't just provide a service - we bring energy, passion, and GOOD VIBES to every step of the journey!
